

Missouri's Physical Fitness Challenge

Sections 161.450 and 167.720 RSMo requires that the Department of Elementary and Secondary Education develop a physical fitness challenge and that each year the Commissioner of Education shall recognize schools and districts whose students have met certain fitness levels. Each June schools report fitness data for grades five, seven and nine using FITNESSGRAM protocols. Fitness areas that are reported include aerobic capacity, muscular strength, endurance and flexibility. Schools are encouraged to recognize individual students and teams of students who meet fitness goals. A certificate for individual students and teams of students, as well as more information about the fitness reporting requirements and FITNESSGRAM, is available on the Department [website](#).

The Commissioner of Education congratulates the following schools for meeting fitness criteria during the 2015-2016 school year:

The Commissioner of Education recognizes the following school districts for meeting fitness ranges in all reporting grades and categories during the 2015-15 school year:

Avenue City R-IX
Scuola Vita Nuova Charter School

Congratulations to these schools and districts for their commitment to physical fitness.

In order to avoid the potential of identifying individual students, schools or school districts with fewer than ten eligible students in each grade level reported are not included.
